THE 2ND INTERNATIONAL SYMPOSIUM ESTHETIC, RESTORATIVE & IMPLANT DENTISTRY

PROGRAMA

Dr. FRANCESCO AMATO | Clinical guidelines for single tooth implant rehabilitation in the esthetic area.

Dr. CHRISTIAN BERGER | Risk management in implant dentistry - how to avoid complications associated with implants and with teeth.

Dr. MICHAEL BERGLER | CAD/CAM in dental technology - limits and possibilities.

Dr. NITZAN BICHACHO | Treatment strategies and techniques for restoring missing teeth in the esthetic zone.

Dr. JOAO CARAMES | Dra. HELENA FRANCISCO | Esthetic implantology: without forgetting everyday practice.

Dr. WINSTON CHEE | Early results with implant supported zirconia restorations.

Dr. STEVE CHU | Prefabricated root-form subgingival contours: It's role in the construction of provisional and definitive implant restorations.

Dr. CHRISTIAN COACHMAN | Restorative implant options applied to interdisciplinary.

Dr. LUCA CORDARO | Simplification of treatment of complex edentulous cases.

Dr. SILLAS DUARTE | Adhesive dentistry: clinical challenges in esthetic dentistry.

Dr. STEFAN FICKL | Management of the extraction socket: controversies and solutions.

Dr. GERMAN GALLUCCI | Digital workflow in implant dentistry.

Dr. UELI GRUNDER | Augmentation: the solution for long-term soft tissue and bone preservation for compromised extraction sites in the esthetic zone.

Dr. DAEWON HAAM | Interdisciplinary treatment planning in the esthetic area.

Dr. CHRISTOPH HÄMMERLE | How to preserve the ridge: a key question in clinical practice.

Dr. JAIME JIMENEZ | Immediate, early or delayed implants. Controversies and solutions.

Dra. SONIA LEZIY | Tissue esthetics and stability in implant dentistry: taking control of our treatment outcomes.

Dr. JOSE MANUEL NAVARRO | The art and science of immediate implant placement in the molar site.

Dr. JOHN SORENSEN | Dental ceramics: state of the art 2014.

Dr. DENNIS TARNOW | Current Literature that redefines what we know and do.

Dr. TIZIANO TESTORI | Immediate loading and post-extraction implants: 3D videos.

Dr. XAVIER VELA | Marginless preparations on teeth and implants.

Dr. ROBERT WINTER | Clinical success of build-up and monolithic all ceramic restorations.

Dr. HOMA ZADEH | Transitioning teeth to implants: 10 determinants of success in the management of the extraction sockets for immediate vs delayed implant placement.

Dr. BORJA ZABALEGUI | Dr. ION ZABALEGUI | Algorithm in esthetic dentistry.

Dr. GIOVANNI ZUCHELLI | Development of the digital world of dentistry (imaging, diagnostics, radiology).
